

## “SMOOTH SAILING” from Beginning to End!

Parking at the Columbus Airport can be hectic. One way to simplify things is to park your car at Thrifty. Simply drive up, pick up a valet attendant, drive to the airport and then leave your car with the valet attendant. Your car will be parked in a secure parking lot. You also have options to get your car washed and a variety of services are available. Upon arrival back home, you call the Thrifty Representative with your ID# and you will be picked up by their airport shuttle and returned to the lot where your car is waiting out front for you!

Below are two coupon vouchers that are combinable! Please present these coupon vouchers at time of payment for extra savings from Magic Cruises & Tours.
