SAVOR THE JOURNEY

Panoramic Bergen

This tour is a great introduction to Bergen, Norway's second largest city and gateway to the fjords, from the comfort of your bus.

The city has a proud history, with cultural monuments rubbing shoulders with an eclectic mix of old and new architecture.

This leisurely tour brings combines a bus tour as well as a ride up the funicular to Floyen and a short city walk.

Marvel at the city as you ascend 1000 feet on the funicular that includes a glass ceiling and widescreen windows.

From here, you will swap hill for harbor with a drive past the city's UNESCO-protected Bryggen and fish market before making your way back to the ship.
